**NOW ACCEPTING APPLICATIONS FOR:
CONFINED SPACE RESCUE TECHNICIANS**

This is "Call as Needed" project position.

DUTIES AND RESPONSIBILITIES:

- Assists in assessing potential hazards and drafts a Confined Space Rescue Preplan and a Rescue Safety Analysis (RSA). Identifies and communicates potential hazards to all affected parties.
- Determines hazard controls and emergency contingency plans and ensures that required safety equipment and PPE is readily available and in good working order.
- May conduct general air quality monitoring and make recommendations for hazard control or personal protective equipment based on the interpretation of this data. Conducts daily job briefings with customer and workers.
- Performs on-going monitoring of job conditions and equipment resources and reports observations and recommendations to supervisor to assure both worker and team safety is maintained at all times. Completes daily time reports.
- In case of accident, locates the patient, assesses any injuries, packages for extrication, removes patient from the threatening environment and turns over to EMS for medical attention and transport. Renders first aid and CPR to the level of training.
- Follows handling, inspection, cleaning and preventative maintenance guidelines for all rescue equipment so that it is in a constant state of readiness.
- Maintains and accurately inventories and documents all rescue related equipment.
- Assists with special projects as assigned.

QUALIFICATIONS:

Minimum Education and/or Experience:

- High school diploma or GED.
- Healthcare Provider CPR/First Aid with AED.
- Confined Space Entry & Rescue Certification.
- Minimum 3 years verifiable CS/Rope Rescue experience.

A Woman-Owned Business

12625 Jomani Dr., Suite #102 * Bakersfield, CA 93312 * Phone: (661) 587-1784 * Fax: (661) 587-5749
