GUARDIAN SAFETY SERVICES PROMOTES CHRISTOPHER SETTLEMIRE TO FIELD SUPERVISOR

BAKERSFIELD, CA (May 1, 2009) - Guardian Safety Services, a Kern County leader in industrial safety sales, services and consulting, today announced the promotion of Christopher Settlemyre to the position of Field Supervisor. He will have the primary responsibility of supervising all Field Technicians, and ensuring quality control of all services provided.

“Christopher has been a key part of our continued success and we were pleased to promote him to this very important position”, says Brian Settlemyre, Senior Vice President.

Christopher, 27, joined Guardian Safety Services in February 2008 as a Field Technician, and quickly rose to Lead Field Technician. Christopher was previously with Secorp Industries.

Guardian Safety S plans to further expand its customer base on the Central Coast and Northern California within the next five years, and is confident that Christopher will help our organization reach those goals.

About Guardian Safety Services
